Every Good Store Does Its Best-But Soi

When the Bucket is Full

of clean, fresh water, no one would think of carrying it to the well.

Just as Nature's springs are the fountainheads of crystal water, so there are sources of supplies of worthy merchandise.

For all the goods sold in this Store we go to the fountain-head, and we keep this big building so full of clean, new, fresh stuffs that there is never any room for the dregs of undesirable merchandise.

No dishonorable compromising of principles and fixed policies of business here.

PARSON-SOUDERS CO.

Vudor Reintorce Hammocks

ECO THERMAL RANGE Some reasons why you should have an Eco Thermal in your home DO YOU KNOW-

How many pounds of meat you lose in cooking? That you get only six or seven pounds out of every ten that

That with an Eco-Thermal you get eight or nine pounds out of every ten you cook That tough meats have as much or more food value than the

That the Eco-Thermal cooks a tough, round steak so tender

that you can cut it with a spoon?

That the Eco-Thermal is a COMPLETE stove, and that it will do better cooking with less fuel and with less attention than any

other cooking device in the world? That you can put an entire meal in an Eco-Thermal at 9:80 burn the gas forty minutes, and without any further work, worry or attention have a perfect meal at any time from 11:30 to 2

o'clock? That with an Eco-Thermal you only stay in the kitchen long

enough to prepare the meal and put it into the oven.

That you can cook breakfast in twenty minutes with an Eco

Thermal?

That there is no basting, no stirring, no watching, no worrying with an Eco-Thermal? That you can cook FISH, SAUER KRAUT, ONIONS and RICE PUDDING in an Eco-Thermal AT THE SAME TIME with-

out mixing of flavors? That there is no circulation in an Eco-Thermal oven and that it is impossible for food flavors to mix?

That the Eco-Thermal never gets hot on the outside?

That the Eco-Thermal walls are over two inches thick and that the insulation forces the heat to cook the food instead of cooking the cook?

That the Eco-Thermal is equipped with a mercury thermometer that always gives the exact temperature of the oven? That some husbands are late to their meals?

That with an Eco-Thermal a meal can be delayed for two hours and still be in perfect condition? That even an inexperienced cook can follow a good recipe and get good results with an Eco-Thermal?

Large Boxes FOR CANNING

FANCY TOMATOES, 5c Per Lb. PUBLIC MARKET HOUSE

STANDARD OH SUBSIDIARIES

The long continued duliness in the Standard Oil Subsidiaries seems to have come to an end. The marked activity in these stocks for the past few days, particularly Standard Oil of Indiana, New York, Ohio, California, Vacuum, International, Petroleum and Pierce Oil indicates, in our opinion, a much higher market in this class of securities.

we have prepared comprehensed reports embracing all of the essential facts regarding the Standard Oil subsidiaries. We also issue a WEEKLY MARKET REVIEW which contains all the latest, and, in many instances, exclusive information regarding these securities.

These reports and regular issues of our Market Review, together with a booklet on Standard Oil Subsidiaries, recently compiled, will be forwarded free upon request.
